Natural Potentials

Forestry

Wood and rattan (manau & semambu)

Mining

NO	AREA	PRODUCTION/YEAR 2007
1	Meulaboh (MET)	137.65
2	Meulaboh (MLB)	1,612.00
3	Aceh Barat (BPM)	42.69
4	Aceh Barat (ARM)	28.15

Aceh Barat is one of areas producing essential mining products in Aceh. Coal is widely found in Meulaboh basin and Kaway XI District. Gold is mined in Tutut, Sungai Mas district. While silver and platinum are found surrounding Krueng Woyla and Tutut.

Plantation

There are some national private plantations in Aceh Barat running in oil palm and rubber. One of them is PT Mopoli Rara. Aside from possessing oil palm plantation, the private plantation company also operates oil palm factory in 30 ton/hours capacity. There are also a number of people-owned farms in West Aceh, such as hybrid coconut, coconut, rubber, coffee, oil palm, sugar cane, candlenut, cacao, pepper, patchouli, sago, sugar palm, kapok, turmeric and ginger.

Agriculture and Horticulture

Rice, corn, peanut, long bean, mung bean, cassava, sweet potato, chili, tomato, brinjal, cucumber, watermelon.

Fishery

Aceh Barat's marine commodity reaches 7,882 ton per year. Life standard of sustainable fish population from coastal line up to 12 miles of this area is estimated to reach 68,810.6 ton per year, while for oceanic area up to EEZ 200 miles, pelagis population rate is estimated to reach 19,907.3 ton and demersal fish is estimated to reach 14,598 tons.

West Aceh also produces cultured fish, such as shrimp and crab. Due to its delicious fish for consumption, Indigo fish has started to be favorite species for fish ponders in West Aceh.

Tourism Objects

Majority of tourism objects in Aceh Barat area are beautiful beaches. They are found in:

- Suak Ribee Beach
- Batee Puteh Beach
- Lhok Bubon Beach
- Lanaga Beach
- Genang-Gedong Tourism Object

INVESTMENT OPPORTUNITY

Aceh Barat has various investment opportunities, starting from mining, plantation, agriculture, and fishery. Dominant mining product is coal. As we have informed Aceh Barat is well known as one of region sourced by the largest coal deposit that has not been so far exploited. Other potential mining to be exploited is gold in Tutut area.
