isting in Samudera (Geudong) district. Due to large number of fishponders domiciling in this area, Asian Development bank established Aqua culture Livelihood Service Center (ALSC). ALSC was supported by Aceh Aqua culture Community Center (AACC) domiciled in Ujung Batee, Aceh Besar. Both centers are connected by telephone and internet and also by skype facility.

Aceh Utara's aqua culture products are *Windu* prawn, milk fish, crab and indigo fish
