INVESTMENT OPPORTUNITY

As Aceh Tenggara's reliable plantation product, candle nut has not been processed maximally. That is why it does not create value-added for farmers and merchants transacting this kind of commodity. Leuser Mount National Park with flora and fauna diversity also holds huge potential, not only for tourism but also for search activity. Alas River's rapid stream crossing Leuser Mount National Park also suitable for rapid crossing that has not been further managed to facilitate tourists coming to enjoy the adventure.
